with

Jelly Drops

Jelly Drops are award winning sugar-free water sweets made of 95% water. Designed to support health and hydration for people living with cognitive challenges and others that may struggle with hydration

Each pot contains 1.69 fl oz of water and are designed to be eaten independently

Available in 6 tasty flavors

"They are fantastic"

4.9 ★★★★★

Why is dehydration such an issue?

Many people living with cognitive challenges no longer feel thirst, don't recognize cups, or don't have the dexterity to hold them

Supporting hydration & health

Jelly Drops contain added electrolytes to boost hydration and B vitamins to support cognitive function, the immune system, and energy levels

*For people with impaired ability to consume adequate quantities of water

WARNING: CHOKING HAZARD. NOT SUITABLE FOR CHILDREN OR PEOPLE WITH SWALLOWING DIFFICULTIES. CHEW THOROUGHLY BEFORE SWALLOWING.

made with 95% Water

with added Electrolytes

Vitamins B12, B9, B6**

**A good source of Vitamin B12, 15%DV Vitamin B6, 15%DV folate per serving

Grandma Pat

Our story

“Hi, I’m Lewis and I invented Jelly Drops for my Grandma Pat after she became hospitalized with dehydration. After living in her care home for a month to try and find a solution, I came up with the idea of Jelly Drops to boost hydration and improve quality of life!”

Lewis

feedback from our community

“My mom has been so happy and repeatedly asks me where the Jelly Drops are from and would I order for her”

“After seeing the difference that this has made in my Father's alertness, I truly believe in your product”

“This is such an amazing idea and I’m so glad it finally came to the USA”

“This product is miraculous, as we have seen Seymour stronger, healthier, and more focused from being more hydrated”

More than hydration for the ones you love
